

**Drop-in sessions at Ipswich Hospital, Heath Road, IP4 5PD
21/09/17 and 02/11/17**

18.00 onwards (as this is a drop-in session it doesn't matter if you are late)

Following the very positive feedback received from the last two WSH drop-in sessions, we are pleased to invite Optometrists to a similar set-up at the Education centre, Ipswich Hospital.

Please bring your questions and cases to discuss with consultant Ophthalmologist, *Mr Ramy Basilly*.

It is a very informal session and those who attended last time found it very useful and enjoyable.

For those Optoms bringing a case to discuss, there will be 3 CET points available for peer review.

There are only ten places available on a first come, first served basis but please note there are two dates available. We will have a reserve list so please let us know if you change your mind.

No buffet or catering provided

RSVP to: liz.mears79@ntlworld.com
